Yes, I can help you develop the LatinFoodUS or LatinFoodUSA.Com website and the other one where you'll have your e-catalog of all the products you work with.

For the budget, I'd like to propose that you pay me a small monthly wage and a tiny proportion of your sales.

That way, it makes it easier for you to cover the costs, and I can spend time on the project consistently so that we do an awesome job.

I'd like to make a website with all the bells and whistles, so that you can establish contact with the Latino community here in the United States, and people will "demand" and consume your products in the regional Latino markets.

I always like to tackle websites as part of an integrated marketing solution. To grow your customers' customers. In your case, because you're a distributor.

Tell me how you'd like to start? And what budget you could allot without hurting your cash flow.

Give me a call when you can, and if I don't answer, leave me a message and we'll get to work.

Hello Orlando...

I have one person working on the ZENU website, but I have another request for LATINFOODUS.COM

I don't know if I told you, but I have the contract for the exclusive distribution of ZENU in the US

-

which is why I signed a contract for an exclusive website, zenu.us.com..

I also need a website that includes all the products I work with..

I'd love for us to work on latinfoodus.com

Let me know your opinion, what we could do, and the budget I should have...

As always, best wishes!

Wilson.

I'm glad you liked it.

So, tell me. Have you already made your website?

I've never seen anything like it!

Great work! Creative and high-tech!

Hi Wilson,

How's everything going?

Check out this website:

<http://www.latinocompass.com>

It's a magazine that I'm launching.

I made the website, and I'm still working on it.

Si te puedo ayudar a realizar el web site de LatinFoodUS o LatinFoodUSA.Com Y el otro donde tendrías todos tu catalogo electrónico de todos los productos que trabajas.

Para el presupuesto, me gustaría sugerirte, que me asignaras un pequeño pago mensual, y un pequeñito porcentaje de tus ventas.

Así, se te hace mas fácil cubrir el costo. Y yo te dedico tiempo con regularidad para que hagamos un trabajo super bueno.

Me gustaría realizar un web site con todos los fierros, para que logres establecer contacto con la comunidad latina aquí en los Estados Unidos, de tal manera que la gente "demande" y consuma tus productos en los mercados latinos regionales.

Siempre me gusta entrarle a los web sites, como parte de una solución integral de mercadeo. Para crecer los clientes de tus clientes. En tu caso, porque eres distribuidor.

Dime como te gustaría empezar ? y que presupuesto podrías asignar sin que se traumatice tu cash flow.

dame una llamadita cuando puedas, si no recojo me dejas un mensaje y empezamos a trabajar.
